SURVEILLANCE SYSTEMS INC.'S \$15M PROJECT

Surveillance Systems Inc. (SSI) takes the spot of largest project winner in this year's Top Systems Integrators Report, for its project at the recently opened Encore Boston Harbor Casino. According to Todd Flowers, president of SSI, the scope of work included pulling more than 1.3 million feet of cable to 48 IDF's. The system includes 987 alarm devices, 427 Lenel card reader doors, three Code Blue poles with one base phone, and 3,487 Synectics cameras. The video management system is Synectics and is supported by Extreme Networks. Installation of this project required more than 60,000 man-hours. "SSI's Greg Stowers did an amazing job coordinating and managing this project," Flowers notes.
