

 SecurityCEU & OBSEQUIO  
COMPLIANCE MANAGEMENT SYSTEM

Best-in-class **CEU training** and a **compliance management** system built on **22 years of experience** and service to the security, fire, and life safety industry.

SecurityCEU.com offers over **120 hours** of online, flexible, and interactive courses all designed to meet your continuing education requirements at the **national and state level**. Timely and relevant topics, provided by the best subject matter experts in the industry, such as:

- ◆ Access Control
- ◆ IP Networking
- ◆ IP Video
- ◆ Perimeter Detection
- ◆ Cyber Security
- ◆ Structured Wiring
- ◆ Wireless Technologies
- ◆ Troubleshooting
- ◆ Project Management
- ◆ And much more!

Obsequio gives you a robust tool to **track, report on, and automate** the license and certification renewal processes. The system comes with over **500 industry certification and state licenses pre-loaded**, so you don't have to research this information – we have done it for you! And, Obsequio has a **Document Manager included** which allows all your key licensing and certification support documents to be stored in one place such as applications, background check forms, fingerprint files, certificates of completion, insurance forms, and more. SecurityCEU.com training is **fully integrated** with the Obsequio system, so all courses taken automatically update your license renewals.

## BOTH SYSTEMS ARE:

Cloud-Based

Mobile Friendly

Feature Rich

Easy to Use

Save Money  
& Time
