# LARGEST PROJECT IN 2025: \$25 MILLION

## Convergent's \$25 Million Project

Convergent's project was a comprehensive security system. It included a layered approach to a complex campus that has over 25 buildings including new infrastructure for data transmission over a new fiber optic network of video surveillance, intrusion detection, public address, audio systems, and a real-time locating system. The system included perimeter and campus engineering, design, installation, integration, programming and commissioning with onsite daily contract oversight. To read about more of the top integration projects, click [here](#).

*e = estimated*

SDM ranks the Top 25 systems integrators by RMR. Increasingly, integrators are seeking to create RMR from sources such as remote video monitoring, access control as a service, managed services and more. Note that some companies also have traditional monitoring revenue, which is also reflected in these numbers. Here are the top 25 Top Systems Integrators who reported their RMR for 2025.
