

SDM 2016

SYSTEMS INTEGRATOR OF THE YEAR AWARD

Recognizing the achievements and qualifications of an expert security systems integrator in 2016!

The *SDM* Systems Integrator of the Year award is open to all companies in the systems integration industry, regardless of their size or market niche.

If your firm meets or exceeds the preliminary criteria, then complete the form below and return it to *SDM*. You may use this form to nominate your own company or another systems integrator.

To be considered as an *SDM* Systems Integrator of the Year candidate, your company must:

- Have been in business at least three years as of January 1, 2016.
- Be in the business of selling, designing, and installing physical integrated security systems.
- Derive more than 50 percent of its revenue from the engineering/design, installation and/or service of these systems.

Complete and return the nomination form below so it arrives in *SDM's* office **no later than April 29, 2016**. After receiving your nomination form, *SDM* will send you a detailed questionnaire **due on July 1, 2016**.

The formal announcement and a feature article profiling the winning *SDM* Systems Integrator of the Year will be published in *SDM's* October 2016 issue. Runners-up may be profiled as honorees.

Please return the nomination form to:
Karyn Hodgson, *SDM* Senior Editor
